AROUND THE TOWN

O. W. Hembling was a business visitor at Calgary this week.

Mr. McEwen of Carbon was a visitor in town for a day or two this week.

Mr. and Mrs. B. P. Dick left for B. C. on Tuesday afternoon for a holiday.

Mr. Geo. Szemith of the Union Bank staff at Three Hills spent Saturday and Sunday visiting his parents.

Coun. B. A. St. Clair returned with his mother from Red Oak, Iowa, on Wednesday.

See Wright the sign painter, Oiler street, for your decorated signs for Coronation Day celebration.

Dr. and Mrs. G. M. Reed left on Monday for Banff where they will stay for a few days to allow the Doctor, who has been unwell, to recover his health.

Rev. W. R. Seeley will hold his final service at Didsbury next Sunday, June 11th, in the Baptist Church at three p. m.

Mr. Elias Sick returned home from the Calgary Hospital last week. Although much better than when he went away he is still very weak.

Miss Sigman who has been nursing in this district for some time back, left on Tuesday for her home near Berlin, Ontario, to recuperate her health.

Several of the merchants have already expressed their intention of putting out a float and decorating their places of business for Coronation day. It is hoped that the private residence owners will also decorate for this day.

The Sunday services at the Baptist Church will be conducted by the Pastor, Subject: "An Awkward Dilemma." or "A Short Bed and Narrow Blankets." Service at 7.30. On Thursday night at 8 o'clock the united prayer service will be held, followed by a singing practice. A hearty invitation to each service extended to all.

The lectures given by Prof. Adams in the Wigglesworth store building on Railway street are being well attended and are creating much interest in the different subjects presented. On Thursday night the subject will be "Will the World be converted"; on Friday night "Why Should this be an age of invention"; Saturday night "The Fight between the Ram and the Goat of Daniel 8th"; Sunday night "Prophetic proof that Jesus of Nazareth is the Christ."

The funeral of the late Mr. I. Smith of Bergen took place on Sunday afternoon under Masonic auspices. There was a large turnout of the members of King Hiram Lodge besides several brethren from Olds and Carstairs. D. D. G. M. John Duff, of Olds, and Wor. Bro. Hollinger, of Sunnyslope, also came down and assisted at the ceremonies. Unfortunately a sharp shower of rain started just before the funeral cortege reached the cemetery and continued during the burial service, which spoiled the beautiful and impressive Masonic ceremony at the grave, and thoroughly soaked the members before leaving.

Seeding is Done

Painting, fencing and repairing will now be the order of the day since seeding is done, and we would like to draw your attention to the exceptional values we are offering in

Paints, Barbed and Spring Coil Wire, Hog Fence, and last, but not least, Cyclone Lawn Fence,

which makes a neater appearance around your lawn than any picket fence could make, and it will be in good order as long as your posts last.

We also carry a full stock of LUMBER, and will be pleased to figure on your estimate.

CURED HIS LAME BACK WHEN 24

Mr. Samuel Martin, of Stratford, Ont., passed twenty years of his life in misery, suffering tortures from lame back. He tried nearly all advertised remedies and household recipes, but received no benefit from any of them.

Some months ago, seeing GIN PILLS advertised Mr. Martin purchased a box. The relief which Mr. Martin experienced after he had taken one box was so great that he knew he had found the right remedy at last. He used two more boxes and is now completely cured.

ARE YOU ANAEMIC OR BLOODLESS

If So, the Spring is a Most Trying Time for You

Your Hope Rests in Getting the Blood Rich and Red by Using

Dr. Chase's Nerve Food

Shortness of breath and fatigue with slight exertion are but a few of the vital organs to properly perform their functions, and pallor of the gums and eyelids are early indications of anaemia or bloodlessness.

The blood is thinner and more watery in the spring than at any other season, and for this reason the person who is subject to anaemia, or lack of blood, suffers the most.

You must increase the number of red corpuscles in the blood, and this can best be done by using Dr. Chase's Nerve Food. This great restorative treatment does not merely stimulate the organs to renewed activity, but cures by building up the system. For this reason its benefits are both natural and lasting. It cures sleeplessness, neuralgia, and sciatic points and weakness and irregularities of the system, and becomes a thing of the past when Dr. Chase's Nerve Food is used.

It is only natural that you should get strong and well when this build-up treatment is used, for it supplies to the blood in entire and easily assimilated form the elements which go to form new, rich blood.

Your digestive system has failed to extract sufficient nutrition from the food you eat, and hence the necessity of such direct nourishment as is supplied to the blood by Dr. Chase's Nerve Food. See a box for \$2.50, at all dealers or, Edman, Bates & Co., Limited, Toronto.

HOW TO TREAT SKIN TROUBLES

GREASY OINTMENTS OF NO USE—THEY ONLY MAKE THE SKIN WORSE—CURED THROUGH THE BLOOD

It is not a good thing for people with a tendency to have pimples and skin troubles to use ointments, ointments with greasy contents, such things. In fact they couldn't do anything more to make the grease clog the pores of the skin, making the complaint worse. When there is a skin complaint, a soothing wash may help to allay the pain or itching, but of course it doesn't cure. Skin complaints arise from an impure condition of the blood and will persist until the blood is purified. Dr. Williams' Pink Pills have cured many cases of eczema and skin disorders because they make new, rich blood that cures out the impurities, cleans the skin and imparts a glow of health. Mrs. S. L. Peterson, Brandon, Man., says: "I suffered for years from eczema, which brought with it other troubles, such as a poor appetite, headache and weakness. The treatment of my body affected by the eczema gave me constant torture from the itching and the stinging. I tried several doctors and all sorts of lotions and ointments, but did not get the least relief. Finally I was advised to try Dr. Williams' Pink Pills, and decided to do so. After using the Pills for some time the irritation and itching began to grow less and I seemed in better health otherwise. I continued taking the Pills for several months and every vestige of the trouble disappeared, and my skin is again as free from blemishes as in youth. Given a free trial Dr. Williams' Pink Pills will not disappoint those suffering from skin eruptions or weakness of any sort."

Dr. Williams' Pink Pills cure all skin troubles due to poor blood supply because they make new, rich, red blood. That is why these pills cure many diseases like eczema, rheumatism, lumbago, sciatica, neuralgia, headache, indigestion, St. Vitus dance, and the general weakness and special ailments that only women feel good. Sold by all medicine dealers by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The Bones Are Genuine.

The opening up of a grave on St. Anne's Island, said to contain the bones of the great Chief Tecumseh, brought considerable criticism on certain Wallaceburg citizens about a year ago. St. Anne's Island is a low, flat piece of land in the river channel off west of Wallaceburg and had long been claimed to be the burial place of the Indian chief. Those who conducted the work of digging up the bones felt certain that they had the actual remains of Tecumseh, but there was instant criticism from various parts, not only over the unsanitary desecration of the grave, but also over the possibility of the bones not being those of Tecumseh at all.

It is now stated that the Board of Trade of the town with bring forward evidence to prove that the mistake was made in opening the grave, and that it is really the bones of Tecumseh, which were buried there.

Part of this proof will be in an affidavit concerning the statement made by an aged Indian woman that the bones in the grave were those of Tecumseh. This old woman is said to have been present when the grave was opened and to have made her statement there as well as elsewhere that the searchers were on the right track. Her statement is said to have been most emphatic in this respect, and that may count in showing the truth of the matter.

New Employment For Women.

A new employment for women which is most profitable is that of entertaining invalids. A young woman student in one of the larger cities found that there was an opening for some one who could play games with persons recovering from illness, and the demand was so great that all her spare time was occupied in this manner. Chess and checkers were much in demand with women as well as men. Tact must be used to know when to win a game and when not to, for the same must have all the appearance of a close contest.

For Cleaning Linen Collars.

Those who wear linen collars with lace collars will find it useful to know a safe and easy way to clean the necks, which are apt to become soiled when the collars are comparatively clean. Especially is this the case in travelling, and many a woman has been obliged to send a waist to the laundry simply because of a black line around the collar from a dirty neck.

In such cases it comes as a relief to learn that a small nailbrush and the ordinary bathroom soap, if properly applied, will not only clean the necks, but also the collars. To clean the collars carefully on the edge of the bathroom washbowl. Be sure only the collar touches the marble. Then wet the nailbrush with warm soapsuds and brush it rapidly over the soiled places. Do not rinse the collar in the bowl, but allow it to remain on the edge of the bowl, and with the nailbrush frequently dipped in fresh water keep brushing the lace until the soap has entirely got it out. Next place the collar carefully over the back of a chair upon which a turkish towel has been arranged to hold the wet collar in shape just as it was removed from the basin edge. If this method is taken at night, the next morning will find the collar clean and shapely for another day's wear.

Nothing is more effective for cleaning fine lace collars than this method of brushing them clean with the small wet brush and placing them on the bath towel to dry.

Anything to Oblige.

There was no greater admirer of the qualities of Lord Fisher, who, having attained his seventieth birthday, retires from the active list of the navy, than Queen Victoria. A delightful story is told of how, when a certain French admiral was about to pay a visit to Portsmouth—this was when Lord Fisher was admiral superintendent at the dockyard—the Queen requested him to be sure and "be very nice" to the visitor. With a face as impassive as a Chinese mandarin the admiral replied, "I'll kiss him if you wish, but I'm afraid I shall not be able to do so. I have to devote my time to duty. Lord Fisher would brook no shirking from any man under him. A certain captain once said to me that it was impossible to get his ship to such and such a place on a given date. I simply replied, 'Jacky! Fisher' as he is known in the service. 'Tell Captain Black that if he is not ready to go to X—on the day named I'll have him towed there.'"

A Well-Earned Honor.

Cordial congratulations from members of both parties reached Sir John A. Macdonald, chief minister of the Liberal party, when he was knighted in 1905, for he has earned the respect and goodwill of political opponents as well as political friends. The knight-hood came to him as a complete surprise, being carefully planned by the late Sir Henry Campbell-Bannerman; and it was an honor richly deserved, for, thanks to Sir Robert, the Liberal party was never better equipped for fighting than it is today.

Minard's Liniment Lumberman's Friend

A little girl went into a dry goods store and asked for a half yard of cheese cloth to make a doll's dress. When the merchant handed it to her, she asked:

"How much is it, sir?"

"Just two kisses," replied the merchant.

It is a Liver Pill—Many of the ailments that men have to contend with have their origin in a disordered liver, which is a delicate organ, peculiarly susceptible to the disturbances that come from irregular habits or lack of care in eating and drinking. This accounts for the great many liver regulations now pressed on the attention of sufferers. Of these there is none superior to Pareto's Vegetable Pills. Their operation though gentle is effective, and the most delicate can use them.

"What you see in that creature to admire, I can't see," said Mrs. Duddihill. "Why, she's all made up. Her hair, her figure, her complexion—every bit of her is artificial."

An old country woman asked a young lad the other day, "How long had you been learning the piano?"

"Two years," was the reply.

\$3,600 in Cash Prizes for Farmers

ARE you going to build that new horseblock, sidewalk or dairy house of cement? Then insist on your dealer supplying you with the "CANADA" Cement. Not only will this ensure your getting a pure, uniform and entirely high-grade cement, that will guarantee the lifelong permanency of the thing you build, but it will also entitle you to enter our Prize Contest. And in this contest you stand a good chance of winning a prize that will perhaps more than pay you for the cost of the work.

Every farmer in Canada who uses "CANADA" Cement is eligible to compete.

Four prizes will be awarded in each Province and these prizes will be divided as follows:

PRIZE "A"—\$10,000 to be given to the farmer who uses the most "CANADA" Cement in the greatest amount of barrels of concrete.

H. E. OSMOND, EDITOR.

While it may be a little early to start talking about the crop prospects in this district the fact of the splendid growth which is taking place this spring is a pleasing topic to everyone. Even the old timers who have been here from fifteen to twenty years are dumb this season in bringing forward some other spring of some other year when it would beat this. All grains are much in advance of other seasons, and with the bright sunshine intermixed with warm showers of rain, this summer should see one of the biggest crops ever harvested in this section of Alberta.

Talking of the growth this spring, in another column will be found a report of a patch of rye that was headed out on May 30th, and at the time of writing this a gentleman reported to us that he saw a field of oats which measured from twelve to fourteen inches in height, both of which items go to prove the assertion that without this season's natural drawbacks the Didsbury district will see a bumper crop.

Didsbury is going to celebrate on Coronation Day and very properly too. It is gratifying to see the interest being shown by the business men and others in this undertaking and while loyalty to country and king does not necessarily mean that it has to be expressed by much shouting and blare of trumpets still these things all help to create the same feelings in the breasts of those who settle amongst us from other countries and who intend to become good Canadians and British subjects. Let the good work go forward and Didsbury will have no need to take a back seat from any town in expressing their feelings on June 22nd.

The woman of today who has good health, good temper, good sense, bright eyes and a lovely complexion, the result of correct living and good digestion, wins the admiration of the world. If your digestion is faulty Chamberlain's Stomach and Liver Tablets will correct it. For sale by dealers everywhere.

Summer Schools for Sunday Schools

The Alberta Sunday School Association have made arrangements to hold summer schools at Buffalo Lake, commencing July 23rd, Sylvan Lake, commencing July 30th, and Banff August 15th. Sessions of the S. S. Association will be held every morning and evening while camp is in progress and the afternoons will be devoted to boating, fishing, bathing and other forms of recreation.

Reservations for sleeping accommodations may be obtained by making application and enclosing registration fee of \$1 to Miss Alberta Munroe, or Rev. A. Barner, Red Deer, or fee of \$1.50 for camp at Banff to be paid at the Association office, Mackle block, Calgary.

All ministers, Sunday school workers, and any in fact interested in religious work will be abundantly benefited by taking a course at these schools. No better plan of spending a vacation could be arranged with such little outlay.

THE GROWING TIME

POPULATION WILL BE MUCH GREATER THAN ANTICIPATED

Reports from Census Bureau Officials indicate that the population in many districts is considerably larger than was expected—Great increases in population west of the Great Lakes.

Ottawa.—Canada's initial census taking, which began June 1, will take three years to complete. The tabulating and analysis of the population, figures of the extensive information asked for in regard to trade, industry, etc., will keep the census bureau busy for that length of time. The total population will not be definitely known until October, though an approximate figure may be given a month or so earlier.

The returns will begin to come in from the cities in about a fortnight's time, but the enumerators have three weeks' time allowed to collect their work and the commissioners are allowed another month which they will use toward return to Ottawa. The work of tabulation and compilation will be done at the census bureau, which is specially divided tabulating and compiling machines, similar to those used in Washington for the census of last year.

Charles W. Spicer, an official of the American census bureau who has been temporarily borrowed by the Canadian bureau, is now in Toronto supervising the manufacture of the number of machines used in tabulating the schedules turned in by the enumerators. Reports from the census bureau officials who have been receiving reports as to the prospective work required for the commissioners in the various parts of the Dominion, indicated that the population in many districts is considerably larger than was estimated. The figures which probably show a population increase of about 50 per cent. during the decade. West of the Great Lakes, it is estimated there are now about a million and a half more people than there were in 1901. Eastern Canada should show an increase of a little over a million and a quarter.

POTATO GROWING COMPETITION

Competition Open to Potato Growers of the Whole North American Continent

Calgary.—Among the premiums offered at the New York International Horticultural exposition in Madison Square Gardens, next November, is a \$1,000 silver trophy cup, presented by Mr. Schell, which is open to competition of potato growers of the whole North American continent.

Circular letters are being sent out by the Canadian Pacific Irrigation Colonization Co., to the department of agriculture of each of the four western provinces, and to the secretaries of agricultural societies in each province, outlining the possibilities.

The exhibit need not be from one grower only but from any society, province or district, which may exhibit the best samples grown and enter them in case exhibit. In the awarding of the prize, the following qualities will be considered: Smoothness, marketable quality, flesh, eye, uniformity of size, and yield of each variety per acre, officially surveyed as shown by the grower.

Since the competition is open to America, the value in advertising is very great.

ONE VICTORY FOR ROYAL BANK

In No Hurry About Hurrying the Alberta and Great Waterway Case Along

Edmonton.—Mr. Justice Beck, sitting in chambers, recently refused the application made on behalf of the province by Deputy Attorney General Chazy to have the Royal Bank case set down for hearing at the June sessions of the supreme court in Edmonton. Application was opposed by Frank Ford, K.C., representing the Alberta and Great Waterways railway and the Canada West Construction company on the ground that sufficient reason was given in the defence to the action filed by those defendants why the case should not be heard at Edmonton.

Justice Beck decided that such was the case so hearing of the action will stand over till sitting of the supreme court in September, unless the appeal is taken from the decision of Mr. Justice Beck at the June sittings of the court en banc in Calgary.

Big Procession, Over Mile Long.

London.—The details of the coronation procession are now sufficiently completed to show that it will be a splendid cavalcade, over a mile long. The representatives of the foreign countries will not ride in the procession, but will be accommodated with seats on the stands alongside the route. Crown Prince Gustave Adolph of Sweden, and the royal princesses, have arrived in London for the coronation.

British Still Mistress of the Seas. London.—More than 170 British warships, from Dreadnoughts to submarines, eighteen foreign warships and sixty ocean liners and private yachts, will cover an area of about six square miles, according to an official chart issued by the admiralty recently, for the Coronation review of the fleet off Spithead, June 24.

WILL GO AHEAD WITH WORK

Surveys for the Location Will Start from Calgary Within Six Weeks

Calgary.—Within six weeks a general survey for the location of the Alberta Electric Railway from Calgary to Banff, Medicine Hat, Lethbridge and Macleod, will be commenced according to the local manager George E. Wood, who emphatically denied the current rumor that the C.P.R. had overtures with a view to purchasing possession of the road.

The report was that the C.P.R. had got control of the charter, recently granted by the government, fearing serious opposition in transportation in the southern country, which the electric road covers thoroughly.

"We intend going straight ahead with the survey and construction of our lines as soon as we can," said Mr. Wood, who also made known that instead of employing power generated by water or gas, the road would be up-to-date in that it will be furnished with gasoline engines.

There are only four roads on the American continent operated by this means, and Mr. Wood says that a careful investigation has led the directors of the Alberta Electric to believe that this means of locomotion is far ahead of steam.

"The gasoline trains are made just like the ordinary trains with sleeping cars and dining cars," said Mr. Wood, "when they are in operation we shall have one of the most modern systems on the continent."

Should Dominions Be Consulted

London.—At the Imperial conference, recently, Premier Fisher, of Australia, said that the time had arrived when each state should be informed and if need be consulted before Britain entered into any arrangements with other countries by which the interests of all were affected.

Sir Edward Grey said that consultation had been given the right to make her own treaties. It might enlarge the home government if it had to consult the dominions and if the dominions insisted, it would imply that they should take part in that war, on the whole the matter had better rest entirely to the home government.

The declaration of London, which in the discussion, was an immense step in advance of the first step towards arbitration between the nations. Sir Joseph Ward and Dr. Finlay spoke in the same strain.

TAKE IMPORTANT STEP

DOMINIONS TO HAVE VOICE IN IMPORTANT MATTERS

Opinion Endorsed that the Dominions Should be Consulted Upon All Questions Wherein They Were Effectively Interested. Approved the Declaration of London, and Passed a Resolution Favoring It.

London.—The Imperial conference discussed the Declaration of London when Premier Bith favored the ratification as did Premier Morris of Newfoundland.

Sir Edward Grey said that generally the Dominions should be consulted. The determination that this would be done would be one of the most important results of the conference.

Premier Fisher withheld his resolution substituting another that the Dominions should be consulted when the government framed up instructions to British negotiators at The Hague conference upon questions affecting the Dominions. Similar procedure should be taken in other international agreements where possible.

The conference approved of the declaration of London and passed a resolution favoring its ratification. The declaration of London was adopted at the conference of the chief navy powers held in London from December 18, 1908, until February, 1909, on the rules of prize in naval warfare. The object was to draw up a definite code following the precedent of the Declaration of Paris, 1856, for the purpose of an international prize court to be established in accordance with one of the conventions of the second Hague conference in 1907.

Washington. — "Less sensational, but more valuable practically than a ratification of the declaration of London, was the comment of leading publishers here, on the action of the Imperial conference at London, favoring the ratification of the Declaration of London.

The resolution adopted by the conference is expected to vitalize the declaration, and place the British foreign office in a position to overcome the opposition, which has threatened the total failure of the effort to obtain an international agreement upon the rules of prize, at sea.

J. J. HILL WILL QUIT SOON

The Veteran Railway Man Wants to Die With His Boots On—Will Drop All His Interests

Minneapolis.—James J. Hill, for half a century identified with the development of the north west as no other man has been, is preparing the way for retirement from active business life and the filing recently of the \$500,000 mortgage on the Great Northern, is the first step, according to Mr. Hill's own statement.

He characterized recently as "rubbish" the stories of the first Northern and Burlington consolidation and of the combining of the Northern Pacific and the Chicago and North-western for Chicago Great Western. "I am 73 years old and do not want to die with my boots on," Mr. Hill said.

"My interests are large and cannot be dropped in a moment. If I am going to have any leisure in my life it is about time I had it and I have taken the first step towards securing it."

Preparations for fifty years to come for the retirement of bonds now outstanding as they fall due and for other issues to provide money to keep up the road and build extensions and make improvements that we expect will have to be made, is the true reason for the mortgage.

ANOTHER WOMAN FARMER

Miss Helena Hill, of Seattle, Buys Section of Land Near Sedgewick

Calgary.—Miss Jack May, the young English woman farmer, who recently settled near Sedgewick, is to have a rival in her fascinating occupation in Alberta. Miss Helena Hill, a young girl from Seattle, has purchased a section of land from the C. P. R. near Sedgewick, and is at present surveying the breaking and sowing of 100 acres to flax.

Miss Hill intends to go into farming on a large scale. Next year she will build a house and buy stock and implements and will bring the remainder of the 640 acres under cultivation. Her friend, Mrs. Hilliard, also of Seattle, will supervise her house and Miss Hill the "farm."

Vancouver Employers Satisfied.

Vancouver.—The Vancouver employers have formally replied to the Minister of Labor declining his offer to intervene in the threatened labor trouble.

THE SUNDAY SCHOOL

LESSON XI.—SECOND QUARTER, JUNE 11, 1911.

Text of the Lesson, 11 Chron. xxx, 13-27—Memory Verses, 18-20—Golden Text, 1 Sam. xvi, 7—Commentary Prepared by Rev. D. M. Stearns.

These Huzkiah, whose name signifies "the strength of Jehovah," was one of the best kings that reigned over the kingdom of Judah. In the sixth year of his reign the king of Assyria carried the ten tribes into captivity, as we shall learn more fully in next week's lesson (11 Kings xix, 10-49). The king of Assyria then moved to Judah as he had done to Israel and wrote a blasphemous letter which Huzkiah spread before the Lord and he and the prophet Isaiah prayed and cried to heaven, and the Lord sent an angel who smote in one night 185,000 of the Assyrian army (11 Kings xix, 35-37; 2 Chron. xxxii, 1-23).

Ahaz, the father of Huzkiah, had done very wickedly. He worshipped idols in every corner of Jerusalem and in the cities of Judah. Therefore the Lord did bring Judah low because Ahaz had done so (11 Kings xix, 34-37).

Huzkiah in the first month of the first year of his reign opened the doors of the Lord and repaired them and set the priests and Levites at work to cleanse the temple, which had been neglected for many years. Then they offered an offering of 100 oxen, 100 lambs, and burnt offerings, and all the people of Judah and Jerusalem and all the priests and Levites and the people, for the thing was done as the Lord had commanded (11 Kings xix, 34-37; 2 Chron. xxxii, 1-23).

The regular time to keep the Passover is in the first month being past because of the time it takes to cleanse the temple, it was determined to keep it in the second month, as was permitted in the law (Num. ix, 10-11).

Proclamation was therefore made throughout all Israel from Dan to Beersheba, that they should come to keep the Passover unto the Lord God of Israel at Jerusalem, for it was a long time since the people had kept (verses 1-5). The last of which we have a record was in the days of Josiah, when at Gilgal they came upon entering the land (Josh. v, 10). Before that there is a record of only two Passovers, one in Egypt and one a year later at Sinai.

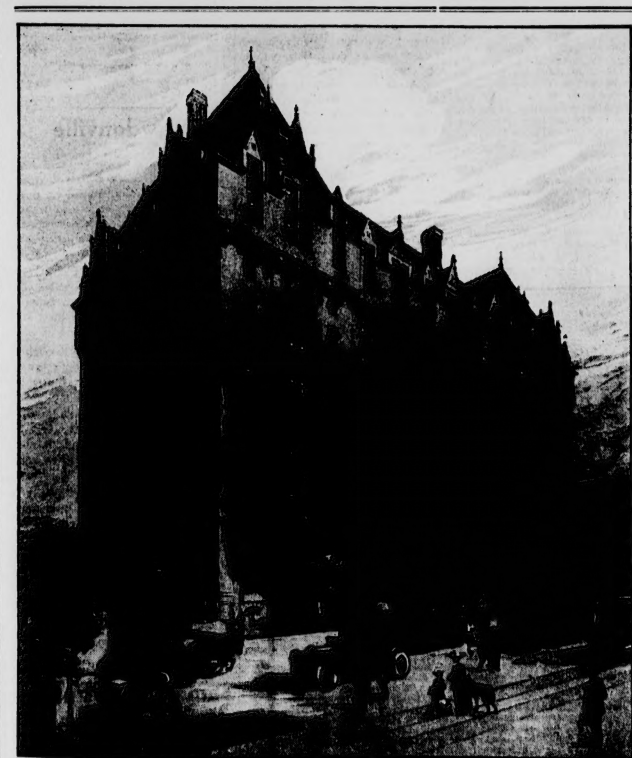

After the time of our Saviour we have only a record of two more in the Old Testament, the great one of Josiah and the one in the days of Ezra at the dedication of the temple after the return from Babylon (11 Chron. xxxvi, 18-19; Ezra vi, 19-22). We can scarcely think that these were the only Passovers kept, but these six are the only ones recorded. If we include the one that the Lord commanded Moses to keep with his disciples (Luke xxii), then we have a record of just seven great Passovers.

It is very interesting to note that our own savior let us never forget the words, "When I see the blood I will pass over you and will not destroy you, something else, but simply and only the applied blood of the slain lamb that cleanseth from all unrighteousness" (1 John i, 7; Rev. i, 5, 6, 8, 9, 10; vii, 14; Eph. i, 7).

Nothing can by any means add to the safety which is ours in Christ Jesus, but because of it may the Lord grant us a great appetite for the lamb and to be used by the Father, may we, eating Him, live by Him (John vi, 57). This call to all Israel to turn to the Lord might truly be spoken of as a last call to the ten tribes, for six years later they were carried captive by the king of Assyria. As the people passed from city to city through Ephraim and Manasseh, even unto Zebulun, some laughed them to scorn and mocked them, but some humbled themselves and came to Jerusalem (verses 10, 11). Verse 12 seems to teach that God can bless only those who are willing that He should lay His hand upon them for good.

Until He shall come again in power and glory we cannot expect anything different from Acts xxviii, 24, "Some believed, and some believed not." Wheat and tares will grow together until the end of the age. Notwithstanding the rebellious ones a very great congregation assembled at Jerusalem to keep the Passover (verse 13). They cleansed the city of idolatry and killed the Passover and kept the feast not only for seven days, but the great joy was their joy because they had truly turned to the Lord and He had so blessed them that they kept the feast for another seven days. There was greater joy in Jerusalem than had been since the days of Solomon.

Huzkiah spoke comfortably or to the heart of all the Levites that sought the good knowledge of the Lord (verse 22, margin), and so he was greatly used of God in this respect. He was a heart-broke man, for the heart of God to the hearts of His people (Isa. xl, 1, 2, margin), and the word does not reach our hearts with comfort and strength we should pray, "Give, Thy servant a hearing heart" (1 Kings iii, 9, margin). Who a man is, what a man is, is found in chapter xxvi, 20. It is wrought that which was good and right and true before the Lord his God. • • • He did it with all his heart and prospered."

"THE SELKIRK," THE NEW PALATIAL HOTEL OF THE GRAND TRUNK PACIFIC IN WINNIPEG.

The above is the plan which has been approved by the Grand Trunk Pacific management for the new hotel, which the company intends to erect in Manitoba. This hotel, in appearance and luxuries of appointments is to be the equal of the Chateau Laurier at Ottawa, will cost in round figures one million dollars. It will be situated on Broadway, near the Manitoba Club, and close to the west end of the development of the West generally.

Messrs. Ross & MacFarlane, of Montreal, are the architects for the hotel. They are now working on the detailed plans, and construction is to commence forthwith. This hotel will be the first of a chain of similar hotels to be erected throughout the West by the company. The management has announced the purchase of a centrally situated site opposite the Edmonton Club on McDougall Avenue, Edmonton, for the erection in the near future of another large hotel. The company also just closed a deal by which it secures a very advantageous site for a new station to be erected in the City of Calgary.

Committees for Coronation Day

The arrangements for the Coronation Day celebration are now well under way, and the enthusiasm that is being shown by everybody concerned augurs a successful conclusion to one of the biggest and best holidays ever held in Didsbury.

A committee attended the Council meeting on Monday night to request the Council to make a grant of \$100 to assist the different committees in their work. This grant will supplement the donations made by the merchants.

The following gentlemen are appointed to the different committees and they are requested to attend a general meeting on Thursday night at the Alexandra sample rooms to appoint chairman and continue the good work already started.

Baselall and Lacrosse—A. G. Studer, J. V. Berscht, H. S. Patterson.

Grounds—H. B. Atkins, B. A. St. Clair, J. Good, J. Anderson.

Advertising—H. E. Omond, J. A. Findlay, J. V. Berscht, O. W. Hembling.

All the merchants and business men are requested to make preparations to put out floats in the parade, for which good prizes will be given, and also to decorate their places of business for that day.

Council Meeting

The Council met on Monday night in the Council chambers, Mayor Atkins, Councillors Shantz, Wigglesworth, Morrison, Moyer, Oliver, and Secretary Reid were present.

The Mayor not being present at the appointed time, Coun. Shantz was moved to the chair.

A deputation consisting of Messrs. McPherson, Omond, Cunnison, Findlay, Berscht, McCarney and Kalbfleisch were present to interview the Council in reference to a grant of \$100 to assist in Coronation Day celebration.

The Mayor then took the chair. Councillors Morrison and Moyer moved, that a grant of \$100 be given the celebration committee. Carried unanimously.

Councillors Wigglesworth and Moyer moved that the accounts in the hands of the Secretary and O.K.d. be paid:

T. McDonald, caretaking \$5; Didsbury Pioneer \$2.75; A. Webber, band treasurer, \$13.95; freight on hook and ladder \$24. Carried.

Councillors Shantz and Morrison moved that bylaw for Electric Lights be submitted to ratepayers and that a poll be held at the Fire Hall on June 30th, 1911, and that Sec. Reid be returning officer. Carried.

The chairman of the Fire, Water, Light committee, Mr. Morrison, stated that the chemical engines were in poor repair and in a filthy condition. The matter was left in the hands of the chairman of the committee to put things into proper shape.

Councillors Shantz and Wigglesworth moved that the secretary instruct the policeman to be present at the next meeting on June 14th. Carried.

Councillors Shantz and Morrison moved that the Council adjourn to meet again on Monday evening June 12th. Carried.

Only Six More Days For This BIG OFFER

To Men, Women, and Children. We have decided to make a change in our System of obtaining New Subscribers to the

Didsbury Pioneer

for the next six weeks. Instead of paying canvassers to go over the district we will divide up the money this would cost us into

FOUR PRIZES

to be competed for by the public. The prizes given will be as follows:

The gentleman sending in the largest number of new or renewal subscriptions to the Didsbury Pioneer, a suit of Semi-Ready Clothes from J. V. Berscht, valued at \$20.

The lady sending in the largest number of new or renewal subscriptions, a handsome oak Ladies Rocking chair. Can be seen at the Didsbury furniture store.

The boy under 18 years sending in the largest number of new or renewal subscriptions, a 7 jeweled silver or oxidized silver watch.

The girl under 18 years sending in the largest number of new or renewal subscriptions, a 7 jeweled silver or oxidized silver watch.

Note—These watches are guaranteed both as timekeepers and in the case, and can be seen at J. Nixon's jewelry store.

Read the Conditions

The conditions under which this competition is being held are very simple, viz: Any lady, gentleman boy or girl is eligible for this competition.

The subscription price to the Didsbury Pioneer is \$1 per year, mailed to any address in Canada or England. To points in the United States the price is \$1.50 per year.

Any person paying in a subscription to this office may, if they wish, state who they desire to receive credit for same.

In order that each subscriber may receive the Pioneer as soon as possible it is desired that each party soliciting subscriptions bring or send in the names (with the money) they have secured to this office on Monday of each week. A list of the names of each party sending in subscriptions at this office will be kept so that credit will be given to them at the end of the contest.

This contest is open to all and we play no favorites.

Those who fail to get any of the prizes mentioned will get 15 cents on all subscriptions sent in at the end of the contest.

Each party sending in subscriptions must state which premium they are working for.

**This offer is good until
Wednesday, June 14th, so
get a hustle on**
